Project Description:

This project will install street and pedestrian lighting throughout the Lower West Downtown neighborhood in three phases. Street lights will be installed at all intersections as well as mid-block locations. Pedestrian lighting will be installed along every major avenue and cross street.

Project Progress:

The contract for final design was awarded at the beginning of February. Design should be complete in Winter 2010 with construction of Phase 1, the southeast section of the project area, in Summer 2011. Phases 2 and 3 are currently unfunded.

Current Schedule:

Estimated start of construction: Summer 2011
